

U.S. Patent Application Serial No. 09/699,002
Filed: October 26, 2000
For: HIGH VISCOSITY LIQUID CONTROLLED DELIVERY SYSTEM AND MEDICAL OR SURGICAL DEVICE
First Inventor: Gibson, John W.
Attorney: Bruce D. Gray
Telephone: 404.815.6218
Attorney Docket No. S0351/249009
Sheet 1 of 4

Cumulative Release, %

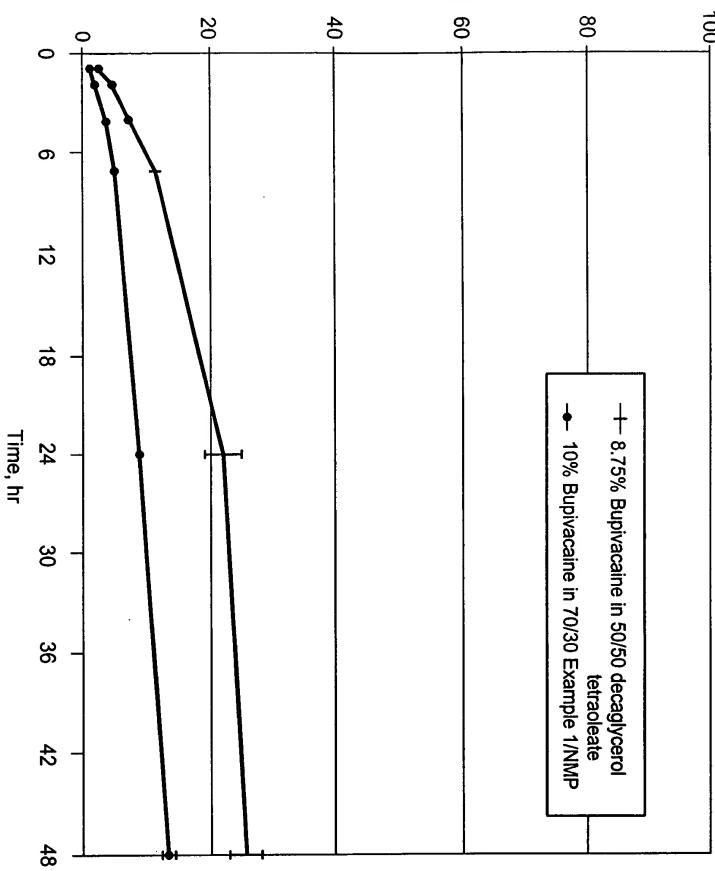

Figure 1. In Vitro Release of Bupivacaine from Biodegradable Ester/Solvent **Mixtures**

U.S. Patent Application Serial No. 09/699,002
Filed: October 26, 2000
For: HIGH VISCOSITY LIQUID CONTROLLED DELIVERY SYSTEM AND

MEDICAL OR SURGICAL DEVICE First Inventor: Gibson, John W. Attorney: Bruce D. Gray Telephone: 404.815.6218 Attorney Docket No. S0351/249009 Sheet 2 of 4

Cumulative Release, %

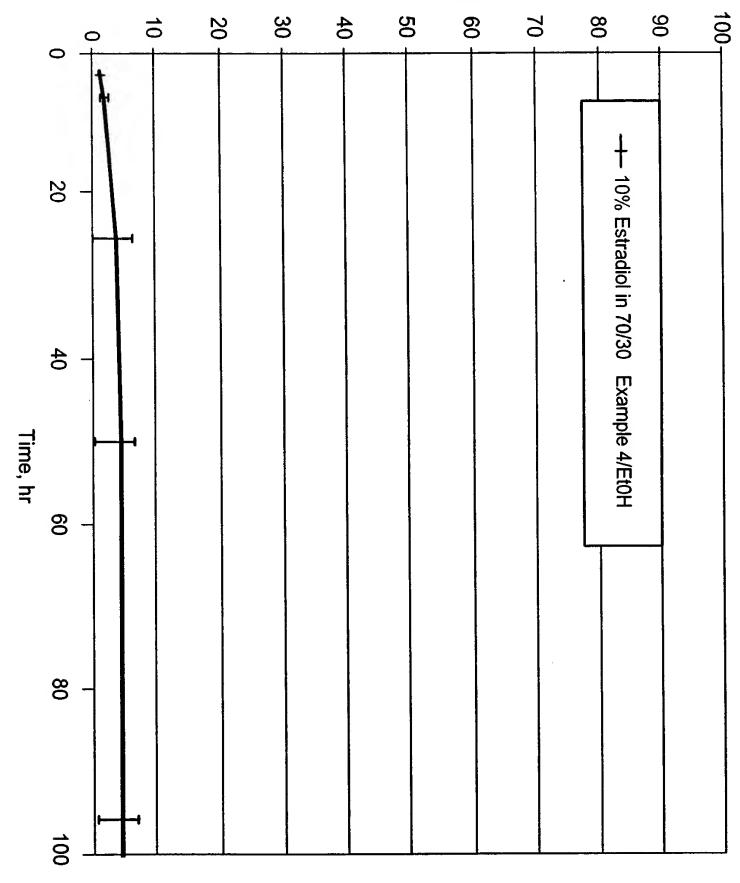

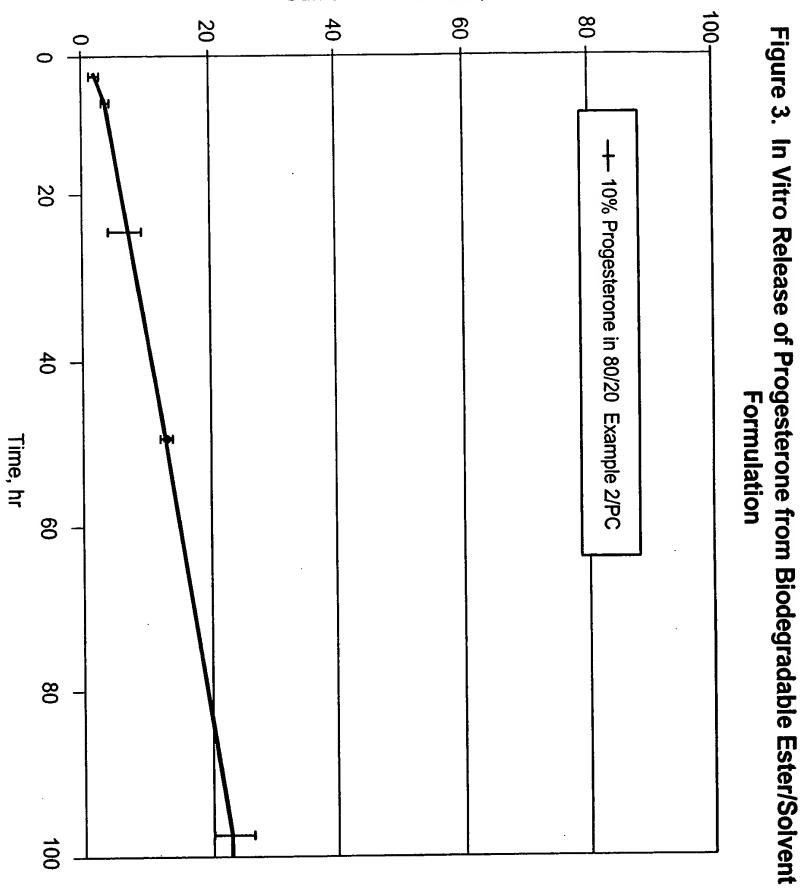

Figure 2. In Vitro Release of Estradiol from Biodegradable Ester/Solvent Formulations

U.S. Patent Application Serial No. 09/699,002 Filed: October 26, 2000 For: High viscosity Liquid controlled delivery system and Medical or surgical device First Inventor: Gibson, John W. Attorney: Bruce D. Gray

Telephone: 404.815.6218 Attorney Docket No. S0351/249009
